INCLEMENT WEATHER

In the event of inclement weather, the following procedures are followed. The decision to cancel classes on both campuses is made by the Dean, Dr. Ann Carmichael.

Should a decision to close the campuses (or not to open) be made, the Carolina Alert System will be used to notify those who are registered. This information will be given to the radio and television stations located in the Salkehatchie service area and will be posted on the University website. THE CAROLINA CREED

The community of scholars at The University of South Carolina is dedicated to personal and academic excellence. Choosing to join the community obligates each member to a code of civilized behavior. As a Carolinian...

- I will practice personal and academic integrity;
- Will respect the dignity of all persons;
- I will respect the rights and property of others;
- I will discourage bigotry, while striving to learn from differences in people, ideas and opinions;
- I will demonstrate concern for others, their feelings, and their need for conditions which support their work and development.

Allegiance to these ideals requires each Carolinian to refrain from and discourage behaviors which threaten the freedom and respect every individual deserves.

HURRICANE PREPAREDNESS
FAMILY DISASTER PLAN
National Hurricane Center

- Discuss the type of hazards that could affect your family. Know your home’s vulnerability to storm surge, flooding and wind.
- Locate a safe room or the safest areas in your home for each hurricane hazard. In certain circumstances the safest areas may not be your home but within your community.
- Determine escape routes from your home and places to meet. These should be measured in tens of miles rather than hundreds of miles.
- Have an out-of-state friend as a family contact, so all your family members have a single point of contact.
- Make a plan now for what to do with your pets if you need to evacuate.
- Post emergency telephone numbers by your phones and make sure your children know how and when to call 911.
- Check your insurance coverage - flood damage is not usually covered by homeowners insurance.
- Stock non-perishable emergency supplies and a Disaster Supply Kit.
- Use a NOAA weather radio. Remember to replace its battery every 6 months, as you do with your smoke detectors.
- Take First Aid, CPR and disaster preparedness classes.

THOUGHT FOR THE WEEK

Your present circumstances don’t determine where you can go; they merely determine where you start.
